

Chief Financial Officer (m/f/d)

The CFO is responsible for managing the financial actions of the company. Their duties include tracking cash flow, analyzing strengths and weaknesses to propose corrective action plans when necessary and preparing accurate forecasts so that management can make informed decisions about future investments or cuts.

Your tasks:

- Providing leadership, direction and management of finance and accounting teams
- Provide strategic recommendations to the CEO, members of executive management and other relevant stakeholders
- Managing the process of financial reporting and forecasting
- Advising von long-term financial planning
- Review and develop all formal finance related procedures and processes

Your profile:

- 5-7 years of professional experience as a head of accounting / controlling
- Extensive experience in corporate finance, ideally with an exceptional masters degree with a focus on corporate finance
- Extensive experience with relevant financial reporting standards (e.g. IFRS)
- Extensive knowledge in finance related legal matters and regulations
- Proven project management skills
- Structured and analytical approach to problem solving
- Ability to communicate efficiently, geared towards different target groups
- [Language skills as needed]

Salary range: € 160.000 – 300.000+ p.a. (depending on location / industry and experience)
